Innovative solutions for precision masking to save time and reduce labour costs

- Custom design to suit many applications
- Quick and easy to apply and to remove
- Efficient and effective

VACUUM FORMED PLASTIC COVERS

- Consistent positioning with magnetic attachments
- Perfect for masking complex profiles
- Re-useable

CUSTOM DIE-CUT MAGNETIC SHAPES

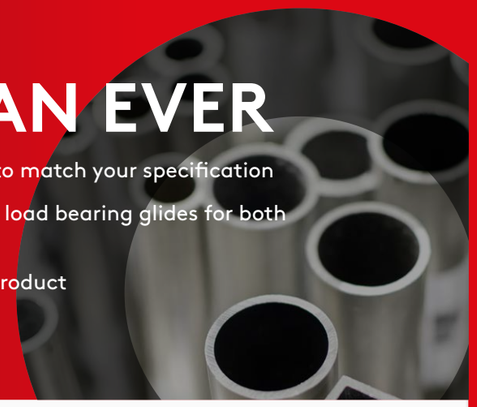

- Choice of thickness and texture

CUSTOM DIE-CUT ADHESIVE SHEETS

- Selection of masking films on a polyester liner
- Choice of thickness to adapt to your design
- Silicone adhesive for high temperature applications

MORE CHOICE THAN EVER

- Tube inserts in various shapes, materials, colours, finishes to match your specification
- Protect floor surfaces and maintain design aesthetics with load bearing glides for both round and square tubing
- Use our protectors to maintain high quality finish of your product

SUPPORT WITH WHATEVER YOU NEED, WHEN YOU NEED IT.

2,500 experts around the world, here to help.

We combine global manufacturing expertise with hassle-free service to deliver solutions specifically for your needs. We solve the challenges of customers every day in industries such as:

- **Equipment manufacturing**
- **Automotive**
- **Industrial electronics**
- **Fabrication**
- **Medical devices**
- **Renewable energy**
- **Production machinery**
- **Construction**
- **Agriculture**
- **Many emerging industries**

FASTENERS

Our huge range of fastening solutions is one of our largest and most diverse product selections. If you are on the lookout for panel fasteners or washers, we stock a huge range, full of variety with different styles and uses. If rivets are what you need, we have them, including firm favourites such as push-in and snap-together. Our offering is always expanding and with the chance to grab a free sample before you commit, we are proud to offer variety and convenience at Essentra Components.

Precision Fasteners

Screws, Nuts & Washers

Plastic Rivets

ENSURE OPTIMAL PERFORMANCE AND RELIABILITY

- Precision-engineered to provide the durability, functionality, and consistency you need
- Different head styles available
- Captive screws reduce assembly time and number of screws needed
